

Professional LaTeX and Logo Design Services

Veni

About Me

Hello! I'm **Veni**, a detail-oriented **LaTeX specialist** and an enthusiastic **logo designer**. I bring a unique blend of technical precision and creative flair to every project I handle. Whether you're looking for a polished academic paper or a standout visual identity, I'm here to help you shine!. I've created this profile to give you a clear idea of what I offer and how I can contribute to your project. My goal is to make your work not only accurate and professional—but also visually impressive.

Why Work With Me?

- Fast, reliable, and personalized service
- High-quality output with attention to detail
- Open communication and client-first approach

LaTeX Services

I offer comprehensive LaTeX formatting services, perfect for students, researchers, and professionals:

- Full document formatting (theses, CVs, reports)
- Expert equation and math layout
- Tables, images, and figure positioning
- Reference and bibliography management
- Word to LaTeX conversion
- Code proofreading and optimization

Logo Design (Canva Based)

While I haven't taken on professional logo projects yet, I've helped many friends and family create meaningful, modern designs using Canva.

- Minimalist and clean logo concepts
- Color and font matching based on brand identity
- File delivery in multiple formats
- Open to revisions and collaborative feedback

Let's Work Together!
